7. Things I liked best about the presentation:

- Prep opportunities for secondary students
- Career clusters of Montana
- Handouts to keep, done early
- Good information, kept interest, to the point
- Learned about pathways and its benefits

Good speaker

Gained new information

Well-organized and well meaning

The optimism about where we can go

Listened well to participants suggestions and questions

8. Things that could be improved:

Slow down a little when speaking

Tie into high school teachers to see the relevance of the program

The presentation was just fine but the percentage of dysfunctional families and their members is on the rise. As hard as we in this business try it truly is a difficult task to tackle at times.

The use of time
